Is there a way to distinguish 2nd and 3rd pressings, as both of them have the same woodblock cover ?

★★★★★

I wasn't able to scoop a copy of this before it sold out. So I was happy for this repress. From the opening track on it's so refreshing, Funky, and soulful. It's sort of hard to describe this one, even tho all the hallmarks are there. A truly international project comprised of musicians I was completely unfamiliar with. I am looking forward to getting to know this one. Also of note is it's very well recorded, mastered, and pressed. Top notch work and craftsmanship. Recommended. Buy the Brahja record off his Bandcamp page before they sell out! https://brahjawaldman.bandcamp.com/album/brahja
